

Julius Vargas

Full-Stack Developer

Cagayan, Philippines | +63 939 916 0024 | jtvar.dev@gmail.com | Portfolio: jtvargas.com

SUMMARY

Full-stack web developer with 8+ years of experience shipping products end-to-end, from backend architecture to polished frontends that hold up in production. Works across Laravel, Node.js, and WordPress on the back end, and Next.js, React, and Vue.js on the front. Background spans advertising agencies, startups, and enterprise teams, with a focus on clean architecture, fast load times, and code that is easy to hand off.

EXPERIENCE

Full-Stack Developer - Independent - Client Projects

2023 - Present

- Own delivery end to end for client engagements, from architecture through deployment, across marketing sites and full product platforms.

Skills used: Laravel, Node.js, WordPress, Next.js, React, Vue.js, Tailwind CSS

Full-Stack Developer - comGateway

2021 - 2022

- Owned core frontend and backend features on comGateway's platform, partnering directly with design and product to ship reliably on tight timelines.

Skills used: Laravel, Next.js, PostgreSQL, Lumen

Web Developer - Sytian IT Solutions

2018 - 2020

- Shipped high-quality WordPress sites, design systems, and mobile experiences across a diverse client roster.
- Mentored junior developers on the team.

Skills used: Laravel, WordPress, React, Vue.js, Angular, Ionic

SKILLS

Frontend: JavaScript, TypeScript, HTML5, CSS3, React, Next.js, Vue.js, Tailwind CSS, Sass, Bootstrap, Angular

Backend & Data: Laravel, PHP, Node.js, MySQL, PostgreSQL, Redis, GraphQL

Tools & DevOps: Git, Docker, Vercel, Figma

Mobile: Flutter, React Native, Ionic, Cordova

CMS & Platforms: WordPress, Gatsby, jQuery

EDUCATION

BS in Information Technology - Cagayan State University - 2017
